

*Creating Miracles from Nature
... for your well-being*

"Specially for you Naturally"

broader
perspective...

Everest Ayurvedic Medicines, started in 1981, has its vision of spreading the advantages of the time tested and proven science of Ayurveda to the masses...

...and, a monogram
encompassing
our vision.

The blue waves of our monogram denotes the 'tridoshas'...the main concept of Ayurveda. The imbalance of these 'doshas' are suppressed and won over by Nature...denoted by the green leaves. This overcoming of the disease is made possible by Everest...signified by the rising sun
*Creating Miracles from Nature
...for your well being.*

"Specially for you Naturally"

Everest[®]
AYURVEDA

"No compromise"
attitude on
quality...

The motto of Everest has always been that there would be no compromise on the quality of production which reflects on our products.

...and,
stringent quality
control.

With a separate quality control section manned by thorough professionals, our motto is achieved to perfection.

"Specially for you Naturally"

Safeguarding
traditions

Everest vows to safeguard the traditional methods of preparing Ayurvedic medicines with absolute quality consciousness...

...with modern **plant & machinery** facilities...

Producing medicines that adhere to traditional quality with the aid of modern methods is a challenge that has been successfully met by Everest.

"Specially for you Naturally"

Everest[®]
AYURVEDA

passion to be the

best...

Our quality systems and modern management techniques are very much in place for the effective and efficient running of our manufacturing plant...

...yields the

results.

No wonder we have been credited as the World's First Ayurvedic Medicine Manufacturer to be certified ISO 14001:1996, ISO 9001:2000 & GMP

"Specially for you Naturally"

myriad
networking...

a wide range of distributors, clinics, agencies and dealers all over Kerala enables Everest to cater to the needs of the masses without encumbrances...

sowing for **tomorrow....**

15 acres of land for developing a farm dedicated to medicinal plants that find their way to our factory... thus providing for the scarcity of rare medicinal plants.
2.5 acres of land for setting up a modern and hygienic ayurveda hospital.

"Specially for you Naturally"

ensign products...

everest boasts of quite a few medicines produced exclusively. 20 patent medicines and 350 generic medicines form the vast list of products produced.

strict observance of vedic texts...

all products are manufactured in the modern way but, sticking strictly to the traditional methods of ayurvedic prescriptions...

Everest[®]
